Black Shuttlecock

Hook Size 14 Hanak 260BL

This Black CDC floats well even after catching a fish and is easy to see. The two tail fibres and butt represent the shuck and will catch the trout's attention.

Half-Hog Daddy

Hook

Size 10 Hanak 230BL

Half-Hog Daddy

Hook Size 10-12 medium wire grub Thread Veevus GSP, white 50 denier Extended body Brown foam cylinder, shaped at one end Legs Knotted cock pheasant centre tail feather fibres Trailing wings Dark red game cock hackle tips, one each side Thorax Fox squirrel dubbing Wing Coastal deer hair tips tied in Half-Hog style

The combination of the foam body and deer hair wing makes this pattern super-buoyant. A great pulling dry-fly also – try one on point and one on a dropper (6ft apart) and watch the fish chase all the way to the boat!

The Deadley Headley – Wet Daddy (A favourite of the late Jim Donnelly)

HookSize 10 Hanak 230BLThreadLight straw yellow ie Light Cahill UnithreadBodyThread as aboveRibGold wireHackles:BodyBodyGinger cock to half length of hookHeadEnglish Partridge 2 turns in front of pale red hackle
GP Tippet (Golden Pheasant) 1 turn in front of partridge hackle

Hackles should be tied to splay / kick out from the body like a shuttlecock
